
Competitions

Here we are again and announce the **4rd Science slam CUNI 2020!**

All rounds are divided according to **fields of study**. Do not miss the **deadline** and [register now](#) . Looking for inspiration? Check out [videos](#) .

WHAT IS SLAM

- type of event seeking to popularize science and research;
- scientists are showcasing their interesting scientific and research projects in a stand-up format talk;
- a talk itself lasts only 6 minutes, audio-visual equipment is not allowed, but creativity is not limited by any means;
- the jury consists of the audience and board of experts.

FIELDS OF STUDY

1. Medicine
2. Humanities and Social Sciences
3. Animate Nature
4. Inanimate Nature

WHAT CAN YOU GET

- a chance to meet friends, colleagues and other interesting people,
- prize money and nice presents for everybody on the stage!

WHO CAN APPLY

Everybody, who is a **student of Charles University**, has been working on a remarkable **research project** and would like to learn how to present ideas to a non-expert audience in a clear way.

INDIVIDUAL COACHING

Are you **ready to compete?** Not yet? No problem! Don't hesitate and contact our **individual coach**, [JASON HWANG](#) , who knows the secret of building confidence in presenting in English. **Coaching is for free**.

If you have any **questions**, [contact us](#) . Come and help us make the science more attractive. We're very looking to seeing you there all!
